Students of GHIMR on NEERI visit.

The MBA 2nd Sem students of Green Heaven Institute of Management and Research got a real time experience of environment management when they visited NEERI, the environmental engineering and research centre in Nagpur. The students were elated to know the various environmental initiatives taken up by NEERI and expressed trust and confidence. The students also appreciated the sensitivity of the NEERI officials towards environment and understood the efforts taken by them for environmental protection.

The students expressed their gratitude towards Mr. Prakash Kumbhare, Principal Scientist and Head - RDPD, for allowing the visit and the Staff of NEERI for their valuable cooperation and guidance.
